

The Nurses Professional Association of NZ (NPANZ), are partners of ELDAA, and provide Union and Insurance services to our Professional Members.

<https://npanz.unions.co.nz/>

We recommend you consider a part-time membership of NPANZ, because it is not likely at this stage that the Doula services you provide, will give a full-time income.

If you are looking to become a Member of ELDAA, you can apply for your NPANZ membership and use the code COLETTE to receive a \$25 discount on membership, prior to joining ELDAA.

If you have any issues, please contact Colette Boddie, Colette.boddie@unions.co.nz, 0221845842.

Please note, you are welcome to take Professional Indemnity Insurance with your own insurance provider, however your work as an End of Life Doula must be understood and covered by the insurer, and noted separately from any other modality you are covered for.
